AUTHORS

Blum, George page 7
Polyethylene—properties and uses, 1st Prize, 1950 Prize Paper Contest January, 1951

Carman, Frank H. Page 16
Materials Supply Prospects In 1951—A Report February, 1951

Church, James M. January, 1951
Education Committee Report March, 1951

Day, Jesse H. page 11
Your SPE March, 1951

Donohue, Frank J. page 26
Large Moldings Symposium—Phenolics February, 1951

Ebers, Earle S. page 31
Polyesters February, 1951

Ericksen, P. H. page 7
Shock Loading Of Plastics October, 1951

Finley, W. N., and Worley, W. J. page 9
Polyester Glass Fabric Laminate, The Elevated Temperature Creep and Fatigue Properties of a April, 1951

Formo, Jerome L. page 13
Phenolic Materials for Stability in Molding, Conditioning of February, 1951

Gardner, Charles N. page 19
Quartermaster Corps, Interest in Plastics, The May, 1951

Geiges, Karl S. page 34
Underwriter's Laboratories Viewpoint On The Use of Plastics February, 1951

Glick, Sanford E. page 28
Large Moldings Symposium—Thermoplastics February, 1951

Glick, Sanford E. page 9
Thermoplastic Materials, Mold Shrinkage of, A Professional Activities Committee Report May, 1951

Goggin, W. C. and McDonald, J. N., Jr. page 9
Polystyrene, The Extrusion Of September, 1951

Halliday, W. M.
Designing For Plastics Molding, Successful November and December, 1951

Howard, E. E. page 14
Liquid and Unfilled Resins, A Professional Activities Committee Report March, 1951

James, David D. page 22
Teflon-Molding and Extrusion February, 1951

Kosy, Walter R. page 5
Vacuum Molding Of Plastics April, 1951

MacArthur, Hamilton E. page 19
Masking Problems in Spray Painting February, 1951

Morse, A. R. page 9
Hydraulic Maintenance In Injection Molding Plants November, 1951

Morse, A. R.
Injection Molderscope January-December, 1951

Moxness, S. K. page 17
Machine and Equipment, A Professional Activities Committee Report March, 1951

Parks, C. E. page 36
Rigid Vinyls February, 1951

Patton, C. W. page 24
Plastisol Molding February, 1951

Potter, H. V. page 9
Plastics Industry in Great Britain February, 1951

Rybak, Richard A. page 17
Injection Molding Equipment Of The Future November, 1951

Sekowski, John L. page 18
Hobbing Cavities In Alloy Steels September, 1951

Snyder, Charles T. page 17
Polystyrene Parts, Aftertreatment Of Molded February, 1951

Totten, John K. page 15
Automotive, A Professional Activities Committee Report March, 1951

Willert, W. H. page 7
The Classification of Thermoplastic Resins From Their Plasticities March, 1951
